

Daniel Ignacio Leandro Lamas

Salta, Argentina · [linkedin.com/in/dnlamas](https://www.linkedin.com/in/dnlamas) · +54 9 387 586 7692 · daniel@dlamas.pro · dlamas.pro

Computer engineer with over two years of professional experience in web development and over six years of training in the field, mainly in frontend. I was a frontend development leader at Siltium, guiding colleagues in the development of scalable solutions and incorporating best practices as part of the process.

EXPERIENCE

Siltium (Software Factory)

Frontend / Full Stack Developer

Salta, Argentina

Feb 2022 – Dec 2024

- I collaborated as a frontend developer on more than 10 projects using Angular and Next.js.
- I designed and built a reusable base template for projects in Next.js, which significantly reduced development times for new projects.
- I developed a page generator dedicated to basic CRUD operations, optimizing team productivity.
- I served as a reference in semantic layout and styling of accessible web interfaces.
- I participated in the evolutionary maintenance of systems, refactoring code and creating new functionalities in Angular and, on occasion, in .NET Core for backend.
- I collaborated in defining standards for frontend projects, aimed at improving code quality and consistency.
- In an individual project, I took on full stack responsibilities, collaborating on the backend with Express.js, Sequelize, and MySQL.

Ingeniería & Sistemas

IT Support

Salta, Argentina

Feb – Dec 2021

- I worked on network and infrastructure maintenance for multiple clients.
- I provided training to users on the use of web systems.
- I monitored and controlled backups for all the clients I was responsible for.
- I collected and analyzed requirements for the incorporation of new functionalities into the Farmacia del Valle web system.

EDUCATION

Universidad Católica de Salta

Computer Engineering

Graduated with a GPA of 7.82.

Salta, Argentina

Aug 2025

ADDITIONAL

- **Languages:** Spanish (native) | English (A2) | Japanese (N5).
- **Knowledge:** PWA | SPA | MPA | PESPA | CSR | SSR | ISR | SSG | Monolithic and microservices architecture | Design patterns | SOLID, DRY, and KISS principles.
